

NEMA Rectification: Bushmans Kloof

Project Summary:

The project was located on the Bushmanskloof Wilderness Reserve and Retreat. The building of Khabo House commenced in contravention of the regulatory requirements of NEMA. As such it was considered to be an illegal and the client was advised by the competent authority to apply for rectification.

FOOTPRINT Environmental Services were appointed and successfully concluded an application for rectification in terms of Section 24G of NEMA on behalf of Bushman's Kloof wilderness reserve and retreat.

Client:

Bushmans Kloof Wilderness Reserve and Retreat
