EXECUTIVE SUMMARY

The purpose of this document is to evaluate existing invasive alien plant species and fire management strategies in order to make general recommendations to improve management effectiveness and to ensure compliance to the Conservation of Agricultural Resources Act, Act 43 of 1983 (CARA) and the National Veld and Forest Fire Act (Act 101 of 1998) at the Wedderwill Nature Reserve, Somerset West.

In addressing the control of alien invasive plants the strategies and management guidelines focus on, the legal requirements; the current situation on Wedderwill and recommendations to improve management effectiveness.

Fire Management recommendations for Wedderwill focus on a general overview of fire management, compliance, fire prevention, fire protection and fire suppression.
