

Best Practice Guidelines and Standard Operating Procedures for Biosphere Reserves (BR)

FOOTPRINT provided CapeNature's Programme Corridors, Biospheres and World Heritage sites with a Best Practice Guidelines and Standard Operating Procedure report. The report covered the following:

- Background and Context of BR
- Legislation, Conventions and Policies enabling BR
- Origin, characteristics, benefits, function, selection criteria, world network of BR, AfriMAB
- Best Practice for the Management of BR's
- Recommendations and Concluding remarks.
