

Best Practice Guidelines and Standard Operating Procedures for World Heritage Sites (WHS)

FOOTPRINT provided CapeNature's Programme Corridors, Biospheres and World Heritage sites with a Best Practice Guidelines and Standard Operating Procedure report. The report covered the following:

- Background and Context of WHS
- Legislation, Conventions and Policies enabling WHS
- Mission, Criteria, Management Principles and Management Standards for WHS
- Governance of WHS
- Best Practice for the Management of WHS including
- Recommendations and Concluding remarks.
