

## **Environmental Control Officer- Rocher Pan Nature Reserve**

### **Project Summary:**

FOOTPRINT Environmental Services was appointed by Architecture Co-op to provide Environmental Control Officer services to ensure compliance with the Environmental Authorisation obtained by CapeNature for the expansion of tourism facilities, the construction of two new bird hides, boardwalks, ablution facilities and a new picnic site on the provincial nature reserve. A completion report was submitted to CapeNature for submission to the Department of Environmental Affairs and the project was successfully concluded.
